A. HIGHWAY

Jeffrey Hausman – Chairman; Members: Joseph Wechsler, Bryon Reed

1. Committee Member Discussion:
 - a. The committee reviewed application and certificate for payment from Lehigh Engineering Associates, Inc. including change orders. Justin Gross informed the committee that this was the work that Wyoming Electric and Signal had finished through December 28th and should be paid for. Justin will be meeting Wyoming Electric & Signal on Wednesday. President Bartholomew requested that this be placed on the next regular council agenda
 - b. Councilor Hausman discussed the garage doors issue at maintenance building, including discussion on Emergency generator for maintenance garage. Councilor Hausman stated that if they don't get new doors, maybe they can be retrofitted with a chain drive backup system. Manager Stevens had spoken with Walnutport Door to put pull-down chains on for easier release and to adjust the springs.
 - c. Councilor Hausman discussed using an outside contractor to pave small areas (Welshtown Road water line break), etc., because it is too big an area for the highway crew to pave. Manager Stevens suggested the Western Company, which UGI uses. In addition, possibly working with Walnutport's roller. The committee discussed other roads that could be paved.

Being no further questions from the committee members, and so the Highway Committee Meeting was adjourned.
